Three Rules Before You Start

Every prompt is ready to copy and paste into ChatGPT, Claude, Gemini, or your favorite AI. Just replace what's in [brackets] with your business details.

- 01** Be specific: the more context you give, the better the answer.
- 02** Iterate: ask for "a shorter version" or "a funnier one".
- 03** Adapt: no prompt comes out perfect on the first try — tweak it.
